

IAE Industry Day 7 Questions and Answers

Q1. Will all task orders be awarded via 8(a) STARS II for Constellation 1 under Functional Area (FA) 1?

A1. We have not determined the specific contracting approach for each task order at this time. Our goal is to utilize small business for the performance of the Core Services.

Q2. What tool sets are being used for Identity Access Management (IAM) as part of the Core Services?

A2. ForgeRock is the identity and access solution being deployed by the Common Services Platform (CSP).

Q3. Do you have timelines for modules in addition to WDOL?

A3. The overall timelines for other procurements have not been finalized. As timelines become available, we will share them on the IAE Industry Community page on Interact.

Q4. Will any Service-Disabled Veteran-Owned Small Business (SDVOSB) core contractor solicitations and awards be issued?

A4. The DevOps/IV&V task order was set aside for SDVOSB under Schedule 70. We have not determined the specific contracting approach for each task order at this time. Our goal is to utilize small business for the performance of the Core Services.

Q5. Will all acquisitions go through STARS II?

A5. We have not determined the specific contracting approach for each task order at this time. Our goal is to utilize small business for the performance of the Core Services.

Q6. What Organizational Conflicts of Interest (OCI) constraints will be incorporated into the WDOL task order and subsequent task orders?

A6. Each task order will specify any conflict of interest constraints.

Q7. Will this briefing be provided to attendees?

A7. The briefing and the recording of the webinar are available in this Interact post.

Q8. Can/will the WDOL app developers and the DevOps/IVV contractors use the same tools to compare the tests?

A8. Our intent is that any tools provided by the CSP will be available to both the WDOL app developer and the DevOps/IVV contractor e.g. Jenkins.

Q9. Can GSA provide Nancy Goode's written script text for this presentation to everyone?

A9. The briefing and the recording of the webinar are available in this Interact post.

Q10. How do we obtain Continuous Learning Points (CLPs) for attending today's session?

A10. Industry Day presentations are meant to be informative. Since we do not consider these webinars to be formal training sessions, CLPs or certifications will not be provided to attendees.

Q11. Can we use this course as credit toward the COR certificate?

A11. Please see A10 for the answer.

Q12. Will we receive a certificate of training via email?

A12. Please see A10 for the answer.

Q13. Is there a certificate of training with this briefing to demonstrate attendance?

A13. Please see A10 for the answer.
